ABOUT SARA

With a strong foundation of unparalleled expertise, Sara built OHMY**BROW**, a multi-faceted company encompassing a boutique-style flagship salon, world-class education and a signature line of Permanent Makeup (PMU) tools available for global retail and wholesale.

Sara Mac, the visionary Founder and Creative Director, possesses over 18 certifications having travelled abroad to train with the industry's most influential and leading artists.

Sara's primary purpose is to set the stage for a unique, elevated customer experience and to pave the way for a sustainable and more prosperous future for PMU by elevating industry standards.

After identifying the lack of governance and seeing first-hand the unprecedented impacts of an unregulated space, Sara saw her education program as an opportunity to ensure all PMU artists have access to the skills and knowledge that are missing from most mainstream training.

Sara is fiercely dedicated to setting global trends and being at the forefront of the permanent makeup movement. This commitment drives her to continuously invest in the growth and development of her employees, foster meaningful partnerships with the community, and drive future product innovations.

As one of Australia's leading authorities in this space, Sara is regularly engaged by media and the industry at large to provide her unique insight and expert knowledge in pursuit to increase standards.

She is an inspiration to many and looks forward to raising more than just brows in a dynamic and growing industry.
